**DETERMINED ACCIDENT.**—Yesterday morning, between 9 and 10 o'clock, a most distressing accident occurred at the residence of Miss M. Duvall, on 31 street, between Franklin and Grace streets. Miss Duvall, who was on a visit to her mother, was sitting in a room, when she was suddenly seized by a violent fit, and fell from her seat, striking her head against the mantelpiece, and sustaining a severe injury. She was immediately taken to the hospital, where she died within a few hours. The cause of the accident is not yet ascertained.

## Democratic Meeting in Alexandria City.

From the Richmond Enquirer.  
ALEXANDRIA, Va., Nov. 12th, 1858.—The Democracy of Alexandria city assembled at the Court House last night pursuant to previous notice, to appoint delegates to the Petersburg Convention. The whole Democratic party of Alexandria county were appointed a delegation to the Convention, unfettered with instructions, to vote for any one man in preference to others.

After the legitimate business of the meeting had been effected, an effort was made, indirectly, it is true, to instruct the delegation to vote for Mr. Letcher, but it failed most signally; then (the meeting all the time growing more animated and vociferous,) the apparent admirers of Letcher, who seemed to be principally D. Funston, Turner, Ashby and one Dr. Johnson, a recent comer in our midst from Mr. Faulkner's district, having failed in the effort at the quasi instruction to vote for Letcher, as a forlorn hope, made a desperate effort, for about two mortal long hours, through some fifteen or more propositions and counter propositions, to obtain a vote expressive of confidence in *Honest John Letcher*; but they were completely routed, "thore, tho' and dragoo!" Letcher's record upon the slavery question was fully discussed, and the meeting seemed fully satisfied that he was not the man to be at the helm of the State in the approaching storm, that threatens such a calamity to the South.

The indications, as clearly manifested at the meeting, were, that the people expect the Nominating Convention to select some man as our standard bearer, whose record upon the slavery question, will endure the most rigid scrutiny. They want a man whose antecedents will silence the opposition press upon that question, and more especially at this time, when the monster demon, Seward, is claiming the purpose of the Black Republican party, to be, to effect the social and political equality of the negro, with the white race, viz: That the negro is to be admitted to our legislative board, and to our fair daughter, to be united in matrimonial alliance with the uncouth, tall, nosed and thick lipped negro. Ye gods, deliver and defend us from any man as our standard bearer, whose record upon the slavery question, will in anywise weaken our position or furnish food and encouragement to the fell hosts of Abolitionism! You may, in one word, put down the action of the meeting last night as an unequivocal condemnation of Letcher—an unmistakable expression of a want of confidence in him upon that question. The friends of J. R. Tucker, Faulkner and others, for such of friendly courtesy, to the standard and all other candidates, perceived that a resolution to be passed, declaring that the partisan attacks upon the various distinguished men whose names had been mentioned in connection with the success of Governor Wise, had not diminished confidence in them; which it was hoped would prove a balm to their wounded feelings. A resolution was passed declaring negro slavery to be a blessing politically and socially to both master and slave.

**GO SAVE THE COMMONWEALTH.**  
COMMERCIAL.  
The Markets.  
BALTIMORE, Nov. 16.—Flour is quiet; Howard street and Ohio \$5. Wheat is active; red 120@125c; white 130@135c. Corn is quiet; new white 60@65c; old 60@70c; new yellow 60@75c. Provisions are quiet and very firm. Whiskey is active.

NEW YORK, Nov. 16.—Flour is higher; State \$4.50@4.75; Ohio \$5.00@5.25; Southern \$5.20@5.50. Wheat is higher; southern red 112@115c; white 125@130c. Corn is dull; mixed 74@75c. Pork is firm; mess 117@118c; lard 14@15c. Lard is firm but dull. Whiskey is steady at 22c. Stocks are higher. Cumberland Coal Co. 23c; Va. 6c; Mo. 6c; St. L. 6c; Sterling lower at 10c@11c.

THE TRADES HOG TRADE.—At Louisville on Friday last, 1,300 hogs sold at \$5.25 net, and 10,000 green hams at 7c; cents, but subsequent during the day 7c cents were refused for 20,000 pieces. The Cincinnati Times of Saturday says:

The trade yesterday was rather dull, owing, it is presumed, to the high prices demanded. It is believed that at moderate prices a fair trade might be done. The receipts of yesterday amounted to about 2,100 head. The sales were at \$5.75, \$6.25 and \$6.30, according to weight. The sales made at \$5.30 were for future delivery. The market this morning is rather quiet, though the receipts are somewhat on the increase. Heavy hogs are bringing \$6.25.

A member of a leading establishment in St. Louis writes under date of the 6th inst. "My figures for an estimate of the incoming hog crop, and I think it a moderate estimate to calculate the increase over last year at 15 per cent. The surplus of old pork on hand is largely over last year's stock at this date, and yet we have no indications of any increase in the reported demand, and the abundance and ease in money matters may, and likely will, induce a speculative demand for export later in the season. Home consumption, too, is likely to be larger this than last season; but allowing for these and taking the most favorable view of the prospects ahead, I do not see anything to justify the present prices for hogs as quoted at Cincinnati. No contracts have been made here yet for over \$5 net; except one for 500 hogs at \$5.25.

NEW YORK, Nov. 15, P. M.—The financial and commercial news per "Vanderbilt" is not encouraging; cotton is down 1/2 pence since the Asia sailed, in consequence of the unfavorable American advices.

Prime qualities of flour commanded the full previous rates.—The imports of breadstuffs from Cairo is lower.—The imports of breadstuffs from Liverpool were quite liberal.

Consols declined to 97 1/2, but recovered to 98, closing weak. The Bank of England is losing bullion daily. Money was more active both at bank and in the discount market, and there were few lenders were as per cent. The Bullion of the Bank of France had decreased a million pounds since the 15th of October.

NEW ORLEANS, Nov. 13.—There has been quite a severe frost in the neighborhood of the sugar estates, and it is feared some injury has been sustained.

The receipts of cotton are very heavy, those of rice are reaching, during the week at 150 to 160 bales, and at all the ports, 140,000 bales. Clearances for Great Britain just now are quite large.

GEORGETOWN GRAIN MARKET.—The market for wheat is steady with a good demand. Sales of fair to good red at 120 to 122 cents, and white at 120 to 125 cents; none of good quality offered. Nothing doing in corn since our last.

LARGE ARRIVAL.—We have again returned to stock of DRY GOODS, which were bought at low prices, and we respectfully call the attention of purchasers to an examination of them, as great bargains may be expected. nov 17-603w BRYAN, ADAMS & CO.

CALKANDRIA MILLS FAMILY FLOUR, in barrels and bags, a very choice article, said to be equal to Welch's, or any made, just received, and for sale by J. E. DOUGLASS.

PLOUGHS.—Rich's Iron Beam, Minor & Horton, and other PLOUGHS, for sale by ADDISON, WALLACE & CO., No. 13, Union street.

PURE CRAB CIDER, just received, and for sale by L. M. MCCORMICK.

THEATRE BUILDING.

SALE.—A brick dwelling on the north side of Royal, between Cameron and Queen streets, belonging to J. Newton Harper, has been sold to J. S. French, agent for Mr. McCullum, of Richmond, for \$4,500.

The Alexandria Library Company acknowledge the receipt of the 4th volume of "Explorations for a Railroad Route from the Mississippi River to the Pacific," from Hon. William Smith.

GLEASON'S PATENT GAS BURNER.—Mr. F. G. Henley, the agent for this city, is at present stopping at the Marshall House and will call upon those of our citizens who use gas, for the purpose of supplying this burner, if desired. That it will give a better light, and consume less gas than the burners commonly in use, we have little doubt.

The recommendations are from the most reliable sources and we can bear testimony to the fact that the light is soft and more steady than that produced through any other burner we ever used. Mr. J. P. Ballard, of the Exchange Hotel in Richmond, states that by using this burner he saved from 20 to 25 per cent, per month, and Professor Silman recommends it most highly. It is also recommended by our worthy Superintendent of Gas.

In the Board of Aldermen of Washington city, on Monday night, the following joint resolution directing the joint committee in relation to the interests of the Corporation before Congress to urge the construction of a permanent bridge across the Potomac was passed:

Whereas, efforts are now being made to connect the Potomac river railroad by a steam ferry with a contemplated road through Maryland, commencing on the Potomac river opposite Aquia creek, Virginia, thus cutting off the travel through this city by the steamers to Aquia creek, and to a considerable extent by the Orange and Alexandria railroad, &c.; and whereas it is the interest of this city to retain the travel on the present route through this city and Alexandria; and as this can only be done, in the opinion of the city council, by the erection of a permanent bridge across the Potomac, at or near the site of the Long Bridge; therefore,

Be it resolved, that the joint committee to attend to the interests of the Corporation be and they are hereby directed to urge upon Congress at its next session the importance and necessity of immediately constructing a new and permanent bridge on or near the site of the Long Bridge across the Potomac river.

Resolved, That the Mayor be, and he is hereby, requested to forward a copy of these resolutions to the corporate authorities of the city of Alexandria, and to ask their co-operation in the effort to secure uninterrupted communication between the two cities, as essentially necessary to the prosperity of both.

NOTICE.—All persons are hereby forewarned from Hunting, Shooting, Ranging, or in any way trespassing on my lands, at Spring Ridge or Lexington, in Mason's Neck, as the laws will be rigidly enforced against every offender. All persons are hereby forewarned to hunt or shoot on either, are revoked, and none can be given in future, as not only all Game has been exterminated by these incursions, but my Stock harassed and destroyed to an extent that is unbearable. GEORGE MASON.

**IMPORTANT TO CONSUMERS OF GAS.**—The undersigned having purchased the right to sell GLEASON'S PATENT AMERICAN GAS BURNER in this city, offers the same to the citizens of Alexandria, with confidence, as the most economical Burner which has ever been presented to the public. As the season is approaching when there is generally great complaint of large gas bills, this is the best time to apply the only preventive, which is in the hands of the consumer, and invite all who wish to study economy in the use of gas to call on the undersigned agent, and examine these Burners. The following certificates, selected from many others, are sufficient to establish the claims which are presented for these Burners:

ALEXANDRIA, Va., Nov. 19, 1858.—I have tested your patent anti-siphon Gas-Burner, and find it a great improvement over any other I have yet seen. It produces a perfect and steady flame, (a very desirable result,) while the mechanical construction is simple, and not likely to get out of order.

JACOB ROXBURY, Superintendent of Gas, Alexandria, Va. nov 17-3t

EXCHANGE HOTEL, RICHMOND, Va., August 25, 1858.—The undersigned, having used GLEASON'S Patent Gas Burners in the Exchange Hotel and Ballard House, for several months past, takes pleasure in certifying to the steadiness and purity of the light furnished by them, and above all to the economy in the consumption of gas secured by the same, for after using them in all the rooms to the number above named, the reduction in the gas bills, when compared with corresponding months in previous years, places the fact of a saving of from 20 to 25 per cent, beyond a doubt. I cheerfully recommend them to all persons who wish a good steady light, with a small consumption of gas.

JOHN P. BALLARD, F. G. HENLEY, the agent for this city, can be found at the Marshall House. nov 17-3t

**MORE THAN 50,000 BOTTLES SOLD** IN THE NEW ENGLAND STATES IN ONE YEAR.—THE RESTORATIVE OF PROF. O. J. WOOD for restoring Hair perfectly and permanently, has never yet had a rival. Volume after volume might be given from all parts of the world and from the most intelligent, to prove that it is a perfect RESTORATIVE; but read the circular and you cannot doubt, at least, the following:

The Hair—People have for centuries been afflicted with bald heads, and the only remedy, heretofore known, has been those abominable Wigs. By a recent discovery of Prof. Wood, these articles are being fast dispensed with; but a great many persons still patronize them, because they have been so often imposed upon by persons who earnestly make the request, that they will try once again, for in WOOD'S RESTORATIVE there is no such thing as fail.—We know of a lady who was bald, who used the article a short time, and her head is now covered completely with the finest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly falling out, which it restored in greater perfection than it ever had been before.

It is also without doubt one of the best articles for keeping the hair in good condition, making it soft and glossy, removing dandruff, and has proved itself the greatest enemy to all the ills that hair is heir to.

It is the duty of every one to improve their personal appearance, and some may differ in regard to the ways of doing it, but every one will admit that a beautiful head of hair, either in man or woman, is an object much to be desired, and there are no means that should be left untold to obtain such a consideration.—*Woman's Advocate, Philadelphia.*

Concord, Ohio, November 17, 1858.—O. J. Wood & Co.—Gents.—As I have been engaged in selling your HAIR RESTORATIVE the last season for one of your local agents, (R. M. Mackinson) and having experienced the beneficial effects of it myself, I would like to obtain an agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restoring the hair. I have been engaged in the Drug business for several years, and have sold various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours. Being fully convinced that your RESTORATIVE is what you represent it to be, I would like to engage in the sale of it, for I am satisfied it must sell.—Yours truly,

WATKINS, Mass. Feb. 5, 1857.—Prof. O. J. Wood & Co.—Gents.—Having realized the good effects of your HAIR RESTORATIVE, I wish to state, that finding my hair growing thin, as well as grey, I was induced from what I read and heard, to try the article prepared by you, to improve its growth and change its color, and it was, in truth, both of which it has effected completely. In the operation I have used nearly three bottles. Yours, &c., JAS. FRANCIS.

O. J. WOOD & CO., Proprietors, 312 Broadway, N. Y. (in the great N. Y. Wire Railroad Establishment) and 114 Market street, St. Louis, Mo. And sold by all good Druggists, and Fancy Goods dealers. oct 25-603m
